

# College Players Attending Practice

## **Purpose:**

College players can have a positive impact on the BHFC program in terms of setting examples for the younger players and offering additional coaching to BHFC players. Registration as assistant coaches with WSYSA will provide them insurance coverage and liability protection to BHFC.

## **Policy:**

College players who wish to turn out at practices of the Blackhills Football Club during the summer months and school breaks are welcome.

## **Procedure:**

College players must have prior approval of the Executive Board, Coaching Director, and coach of the team that they will be practicing with. Prior to practicing, these players need to fill out WSYSA risk management forms and BHFC coach information forms. These individuals will be considered as unpaid, assistant coaches with the BHFC.
