League Changes – Maureen Dalbec

NCSL

Team side rule (Section 111, page 23)

Both teams in the U9-U19 age groups are required to take the same side of the field. The Home team's coach is responsible for choosing the side of the field the teams will occupy.

This change affects all age groups. Previously, it was strongly recommended for the younger age groups to have both teams take the same side of the field, but not required.

League Changes – Maureen Dalbec

Substitution rule (Section III, page 22)

Substitutions will be allowed by both teams prior to a throw in when the team in possession of the throw in ball is making a substitution. *There were no other changes made to the substitution rule.*

Please note there is a *revised* Rules & Procedures manual posted on the NCSL website: <http://www.ncsl-soccer.com/docs/rules-procedures/R&P%201.06.pdf>.

Teams are responsible for keeping a record of their team, player and /or coach yellow/red cards and points.

If there are any incidents at any of your matches, please notify me immediately.
