# GLAHA seeks former players, coaches, and volunteers

The Greater Lansing Amateur Hockey Association (GLAHA) is looking for former players, coaches, parents, and other volunteers who spent time skating and/or working for this Association. GLAHA's 50th anniversary occurs in 2006 and we hope to bring together as many former members as possible. In addition, GLAHA hopes to establish an alumni group to help further youth hockey in the Lansing area.

GLAHA has organized youth hockey teams for nearly half a century and has been the starting point for scores of college hockey players, several professional players, two Hobey Baker winners and one Olympic team member. GLAHA has produced more Hobey Baker winners than any other community-based hockey program in the world.

Bring it on.....
