

Player Commitment:

Players must commit to the requirements of the program in which they play. This includes consistent attendance at games and practices. While there are times when a player will miss an occasional practice or game, consistent attendance and commitment is expected for all players. WBBA offers a number of different programs (travel, southwest, house) to correspond to different levels of play and different time commitments. Prior to registration and tryouts/evaluations, players and parents should understand and commit to the requirements of playing in a particular program. There will be consequences for patterns of unsatisfactory attendance/commitment.
