

GRAHA 2008-2009

Welcome to GRAHA's 2008-2009 House Evaluation Skates!

The goal of evaluations is to accurately rank each player in our house program for the purpose of a fair and equitable draft.

Evaluations are not a competition and players and parents should not be overly stressed out about them. We do strongly suggest that you come out for an open skate or two prior to evaluations to get warmed up and to make sure skates fit and are sharp.

Please be at Patterson Ice Center at least 30 minutes prior to your ice time.

CHECK-IN to confirm registration and receive jersey both sessions.

JERSEYS must be turned in after each session, #'s are how we identify players so please return the jersey after the first skate and pick it up when you check in for the second skate.

Please use the locker rooms assigned to your age group.

Again welcome to the 2008-2009 season.

BASIC EVALUATION SKILL SETS

Skating: Posture, Forward, Backward

Balance: Transition, Edges, Crossovers

Agility: Stops, Starts, Speed

Puck/Stick Skills: Skate with Puck, Pass, Shoot
