- ◆ **New Jr Club track options**
- ◆ **Selections must be made and form returned by October 1st 2008**
- ◆ **Jr Club skaters may be eligible for 2010 Ice Show feature number!**

VFSC Jr Club Skaters,

We are pleased to announce that certain Jr club skaters that chose to meet requirements will be awarded a quintet or quartet in the 2010 spring Ice Show! This is a privilege previously reserved for Sr club skaters and we are excited that Jr club skaters now have the opportunity to earn a feature show number.

On October 1st every year a Jr club skater must choose a track, Gold or Silver. You are in Jr club if you are taking private lessons on VFSC ice with a VFSC approved coach and have attained Badge 3 or higher. You will make your selections on the "Jr Club Track Options" form. Once you choose a track you can not switch until October 1st of next year. Please see that form and the 2010 Show Criteria for more information.

Generally this is a summary of what the tracks entail:

Gold Track

The skater must skate at least one freestyle session all year long, including summer. In addition, the skater must participate in at least 2 competitions per year. If those requirements are met then the skater will be awarded a quintet or quartet in the 2010 show! In addition, the skater will also be a part of either the opening number OR the second half opening number. If the skater does not fulfill the Gold Track requirements they will automatically default to the Silver Track.

Silver Track

The skater has no requirements and will be placed in a Jr Club group number in the show.

Please read the Jr Club Track Options form carefully and turn it into the Criteria Chair, Toni Renford, by October 1st. If you are interested you may also like to read the full 2010 Show Criteria rules. This explains criteria for both Jr and Sr clubs. If your skater is close to passing the pre-preliminary test level it may be in your best interest to know the Sr Club criteria!

If you have any questions or concerns please feel free to contact Toni Renford toniren@tds.net or Melissa Hannah gmhannah@nisswa.net
