## **Information Communiqué**

**TO: All Members**

**RE: Mandatory Out of Country Insurance Coverage**

The ASA in reviewing its insurance policies has determined that it is in everyone's best interest for travelling teams to carry insurance that covers all potential injuries on and off the field while outside of Canada. Effective immediately, ASA excess travel insurance for out of country competitions is now mandatory.

The premium cost of excess travel insurance is \$1.50 per person, per day outside the country, including travel days. GST is applicable and must be added to the rate for those over 14 years of age. These are flow through costs and passed directly on to the insurer.

Travel permit applications must now be accompanied with the names of all parties travelling, plus the date of birth of all individuals 14 years or younger.

Districts and associations please note that before ASA will consider new travel permit applications, they must be accompanied with a check that includes the basic travel permit application fee of \$115.50 plus applicable excess travel (out of country) premium fees. Appropriate forms are being drafted and will be available on the website shortly.

Yours truly,

Ron Axelson  
Executive Director
