To Whom It May Concern:

This letter comes to you from the Temecula Volleyball Club, a.k.a. Viper Volleyball. As you know, this county is one of the largest growing areas in California and athletic teams from this area are putting themselves on the map as well. Viper volleyball offers a variety of levels of play for the young athletes of the Inland Empire. Elite teams, which are our best athletes in each age division, Travel teams which offer the same playing schedule as the elite teams but with a less demanding expectation and Local teams which allow beginning level players to develop their skills while competing against other quality programs and teams.

The club volleyball season is seven months long, the investment for families is estimated from \$1200.00 to \$3400.00 during our regular season. At the higher levels financial contributions are definitely higher as they travel to more tournaments through out the season. These athletes are highly motivated and skilled to compete with the best athletes from around the country. Our families are hoping to alleviate some of those expenses through community sponsorships. Sponsorships will allow the female athlete the opportunity to be trained to compete at her highest potential and succeed at the highest level of play.

Female athletes involved in this club are from Temecula, Murrieta, Hemet, Wildomar, Canyon Lake, Lake Elsinore and other surrounding communities. Volleyball is growing as a sport in the state as well as the Inland Empire. Our club has been expanding and will continue to make a mark in the community. We recently opened a new 8-court, sports complex. We are reaching out to community businesses that are willing to support and encourage the growth of youth sports. We appreciate any support you can provide for this committed group of athletes.

On behalf of the female athletes, Viper Volleyball would like to thank you in advance for your considerations of supporting the athletes of our community. Should you have any further questions or concerns please do not hesitate to visit our website at www.vipervolleyball.org or contact the club at 951.265.4695 or rshort@vipervolleyball.org.

Thank you again,

Temecula Volleyball Club "Viper"
