BSL Welcomes Midwest Soccer Academy – “The Dutch Touch”

Midwest Soccer Academy has been coaching the youth of America for the past 35 years. MSA coaches work with children from 4 – 18 years old and are hired from all over EUROPE because of their coaching expertise, personality and the energy they bring to camp.

MSA's age appropriate, innovative curriculum focuses on the technical aspects of the sport at the younger ages (through fun games), while at the same time challenging each child every single day. As the players get older the curriculum introduces more tactical aspects of the game using the famed Dutch Coaching Philosophy. Players are encouraged to be creative and play free-flowing attacking soccer.

The camp will be held July 27th - July 31st at our Exchange Field location. Fliers are coming out soon and you can check them out at
