HP Hockey Tryouts

Cost: \$200 for the Pre-Season Camp and Tryouts

We strive to get the broadest level of participation from existing players and especially new players interested in playing for the Scots high school program next season and beyond. Because of our desire to invest in the future of our program and the necessity to continuously attract new participants to our program to insure its success for years to come, we have again made the decision to subsidize the cost of participating in this year's camp. We want to encourage more players to participate in this program and are in the fortunate position to be able to subsidize the program for a reduced total cost of \$200 per player.
