

## **JERSEY NUMBER ASSIGNMENT AND ORDERING PROCESS**

### **MITES**

Mites do not have the option of selecting their jersey numbers. Numbers will be assigned by the Jersey Coordinator. Registrar will provide jersey coordinator with Mite registration when complete.

All Mite numbers will be given to the Mite Division Director, who will then forward those assignments on to Mite team managers.

Mite players will order their silk-screened jerseys at ProSkate.

Mites will retain their assigned numbers their entire time playing as a Mite.

### **1<sup>st</sup> YEAR SQUIRTS**

1<sup>st</sup> year squirts, who played as Mites, have the option of keeping their Mite jersey number, or choosing another. Players shall communicate with Jersey Coordinator and advise whether they wish to keep their number or choose from other available numbers.

After verifying their number with the Jersey Coordinator, player shall order NEW jerseys from ProSkate. These jerseys are of a heavier material and embroidered rather than silk-screened.

### **SQUIRTS-MIDGET MAJOR**

Players will keep their assigned jersey number throughout their tenure with Boulder Hockey Club. If at any time they wish to switch numbers, they shall contact the jersey coordinator and follow the general process described below.

If a player is “playing up” and there is a number conflict, then the younger player must be assigned a new jersey number.

### **GENERAL POLICIES/PROCEDURE**

1. Only the Jersey Coordinator will assign jersey numbers. No team manager or division director shall assign numbers
2. Regardless of age level, all players with an even birth year will have an even numbered jersey and odd birth years will have an odd numbered jersey. Absolutely no exceptions.
3. New Players to the association shall contact jersey coordinator and provide their name, birth year and team on which they are rostered
4. A list of available numbers shall then be provided to the player. Player will send Jersey Coordinator his/her top three choices from that list.
5. Jersey Coordinator will assign one of the chosen numbers to the Player. Player can then go to ProSkate and order their jerseys.
