

## Head Referee/Juniors Evaluation Report

*This form is only used to record matches worked to evaluate junior players or junior coaches. It should not be used to report matches normally worked by a non-player referee and reported on the Head Referee Report.*

*The tournament should be charged for the number of matches an NPR would normally have worked or the minimum NPR charge (\$100 for Provisionals or \$120 for Regionals and higher), whichever is higher. This amount is reported on the Head Referee Report.*

*Additional matches evaluating junior referees will be reported on this form, sent to the Treasurer with the Head Referee Report and paid by the AAVO.*
