Hitting Evaluation

The Player will receive 2 warm-up pitches, then 5 pitches for full swing evaluation and 3 pitches for bunt evaluation. The player will be evaluated on the following.

Full Swing Mechanics	Full swing Bat speed	Full swing Contact/Power	Bunting mechanics	Bunting Contact/Direction
----------------------	----------------------	--------------------------	-------------------	---------------------------

<p>Full Swing, scale of 0-5 with 5 being the best SET-UP: Hands ready, grip, head on ball Feet shoulder width apart, slight knee bend, head/eyes and shoulders level, hands/bat getting to 'load' position POWER: Hard force made with ball, player taking full swing 'finishing' their swing versus just making contact with the ball. Player also using lower half instead of just arms during the swing Contact: Miss, Fouled Off, Popped Up, Ground Ball, Line Drive - Quick Hands, Eyes on the Ball MECHANICS: Timing, balance, pivot, rotation, consistent stride for hitting style Hitter in control of their body/feet - staying centered (not falling towards pitcher/catcher or falling into and/or away from plate), follow through</p>				
Perfect score = 15				

<p>BUNTING, scale of 0-5 with 5 being the best CONTACT: Miss, Fouled Off, Popped Up, Put into play Mechanics: Pivot feet and/or square around (not stepping on plate) with knees bent, hands separated on bat, barrel of bat slightly higher than knob of bat, bat out in front of plate, 'catch' the ball with the bat</p>				
Perfect score = 10				

(Total perfect score for Hitting = 25)

Perfect total evaluation score = 75
