**SIZING & NUMBERS for JERSEYS – please read:**

- What to order?** Mites and termites only need black jerseys. Squirt and up need black and white. For all ages, only black sox are worn. Sizes listed above are by division are only guidelines and based on average-sized kids for each age. If you are not sure about size, we recommend buying one slightly big.
- Play It Again Sports will press **numbers** on jerseys (included in price of new jersey). If you do not know your number PIAS can press it on later when your coach/manager has assigned a number. **Teams must not duplicate numbers.** We can modify some numbers or iron on to a patch (covering the old number). If you need a number change to your existing jersey, please bring us the patched-over jersey or a patch and we can get you set up.
- Jersey Buy-back:** TRADE IN YOUR USED JERSEY. You can trade in your used jersey. PIAS offers standard trade-in rates for used jerseys in good condition. But if you can find another (younger) player who needs your jersey, PIAS suggests selling directly to them.

**INSTRUCTIONS for WARM UPS:**

1. Warm ups include lined pant and lined jacket (this is not a winter coat; lightly lined) with Icedog Logo with name a number stitched. These are Bauer Supreme Warm Ups, Black (just like the ones we have always ordered and the Junior Icedogs wear).
2. Parents should complete form, submit and pay at Play It Again Sports by **Tuesday, September 25th**. We have some units in stock (but few). The orders will be placed by September 21<sup>ST</sup> and available as soon as possible, depending on Bauer’s stock, shipping time and local embroidery timelines – hopefully about 4 weeks. Refunds will be given if we cannot fill your order in a timely manner.
3. SIZES: the guidelines above are suggested sizes for average kids. NOTE: WHEN IN DOUBT, ORDER LARGER – KIDS GROW. They will have this coat for several years if you buy it larger than you think.
