STRIKERS vs. GOALKEEPERS SOCCER TRAINING

Columbus Day October 11th , Anderson fields @ McAllister Park

A fun and challenging curriculum for additional mid-season training to help all players with their game skills. Perfect for any outfield player wishing to work on goal scoring or goalkeepers who want to get in extra practice and coaching between the sticks! Strikers will work on shooting close and from distance, finishing crosses with head and foot, playing back to goal, turning and off the ball movement. Goalkeepers will work on shot stopping, handling crosses, distribution skills and communication. As always we will finish off camp with some scrimmage time! We will also run a Mini Kickers camp for those younger players to work on their soccer fundamentals! Age appropriate groups will be formed as much as possible.
