The Dubuque Youth Hockey Association is a nonprofit, volunteer organization. The DYHA encourages, develops, advances and administers youth hockey in Dubuque and its surrounding communities. The DYHA strives to afford people the privilege of participating in youth hockey in an environment which allows players to learn the fundamental skills of hockey and experience the fun of playing the game without placing undue emphasis on "winning." By so doing, it is the DYHA's intention to promote the development of character, integrity, good sportsmanship and an appreciation for teamwork and its importance.

**For information and/or questions about playing hockey,
