West Side Boosters Mission Statement

We are a youth sports organization that has strong community ties and engrained traditions here in St. Paul's West Side neighborhood. Our mission is to provide Football, Baseball, Softball and Basketball leagues for boys and girls ages 6-15 years. We do not turn any kids away for their inability to pay.

We are an all volunteer group that works to instill core values and principled work ethics in our youth. This has been a focus that has spanned the last 40 years.

Through the leadership of our coaches and parents, our young athletes have learned that they can compete on any field, on any court and in any venue throughout the state. And this is a lesson they carry with them long after we have finished coaching them.
