

Jersey Number Policy

Richland Youth Hockey will furnish game jerseys for all skaters in the 10 and under age groups. These skaters will be required to wear only the jerseys supplied by Richland Youth Hockey.

When a skater reaches the Peewee level they must purchase their own game jerseys. At the end of the second Squirt season each skater may make a request to have a number reserved with the Registrar.

Due to the nature of team makeup, as a skater progresses, all numbers will not be available and the choices will be made from only the numbers available. The Registrar will communicate with the skaters for the purpose of reserving the numbers. If multiple requests are made for the same number the tiebreaker shall be as follows.

- 1) The skater who has an older sibling who used the same number
- 2) The skater that has been in the program the longest
- 3) A coin flip

All jerseys provided by Richland Youth Hockey shall be numbered as directed by the board of directors.

Policy adopted Aug. 22, 2000
