

# ARMONK BASEBALL LEAGUE

## Needs Your Support

Help us continue to improve our fields. Recent years capital improvements included a brand new backstops at IBM 2, 3 & 4, and batting cages and ball pens. Clark Field was completely rebuilt and includes new dugouts, improved field drainage, bleachers and regulation Little League outfield fences and illuminated scoreboard.

2011 Goals include:

- IBM4—new backstop, dugouts, batting cage & ball pens,
- IBM3—sod, sprinklers and infield clay,
- Clark Field—batting cage, field repairs & add'l clay,
- And more.....

Our community is very fortunate to have many fields. However with great demand from baseball, soccer, lacrosse, football, adult softball, etc., the fields do get worn and need continued maintenance.
