

ABERDEEN HOCKEY ASSOCIATION

Aberdeen Cougar Hockey

We recently activated a new Fundraising Tool that will allow our members, family, and friends an easy way to raise money for the association on purchases that they already make. This is another effort to keep fees level and provide a better experience to the kids.

About the online Fundraising Tool -

A 'Fundraising' page has been added to the top navigation of our website. On this page is a list of retailers like The Gap, Champion Apparel and Buy.com. If you click on one of these vendors and make a purchase, a percentage of the price is given back to our organization. There is no code to be entered and all the tracking is done by the website behind the scenes

Our website provider, NGIN, is continually working to keep quality brands available to us and we think you will like the initial selection. Once a week, you will receive an email highlighting new companies and promotions that are available. There is no risk or commitment for using the Fundraising Tool and you can opt-out any time.

This is a no-cost option for our organization and all we ask is for you to take a look and if you need (or want!) something from one of these vendors, please make the purchase through the links on our website.

Thank you for your consideration,

Duke Witte

President, Aberdeen Hockey Association
