

Instructions for Completing Tournament Host Application

Please begin the application by filling in your association and the contact information for your association. The contact person should include their name, email address and phone number. This is the person that ALL information regarding the application will be communicated.

Next, fill in the cost of the association's ice PER HOUR. There is no need to figure out a cost per game, as that will be figured once your bid is collected. They will be based on the designated game lengths for each age level (please see below).

Then, select which divisions that the association plans to apply to host. Rank them in order of preference and include the referee cost per game at the age levels that the association is applying to host.

Save the file and email it to the designated person in the district BY SEPTEMBER 1st. Any applications received after that date will NOT be considered.
