The Chisago Lakes Hoops Club is sponsoring traveling teams for boys and girls in grades 5-9. These teams will play against other traveling teams in weekend tournaments and will practice 1-2 evenings during the week. Tournament dates and practice dates are not available until mid-October.

. The fee for this year is approximately \$150.00 + 10 per tournament your team plays each year. Each team's coach will inform his players of the number of tournaments and the resulting total fee.

A group of Chisago Lakes Area coaches will rate each player trying out for a team. The coach at each level is not the one responsible for choosing his/her own team. Teams will consist of 10 players per grade level unless the coach at that level chooses to have more than 10. If there are enough players, we will have a "B" team at each level.

We want to encourage players to attend with the understanding that these are teams that will challenge players to compete at a high level. **Parents are asked not to attend the selection session.** We feel that the players are more relaxed and able to perform better if there are fewer people watching.
