

The Gwinnett Lacrosse League (GLL) was founded in 2008 on the belief that lacrosse in Gwinnett was poised to grow very rapidly and with the appropriate guidance girls and boys of Gwinnett could grow up to play lacrosse honoring the history of the game. The league is organized in such a way that decentralizes the decision making processes pushing financial control and governance to the local youth associations. The GLL has created its own referee training programs, youth responsibility programs, coach's clinics and player development.

The GLL Executive Board oversees the administration of the league and acts as an interpreter and disseminator of rules, guidelines and policy. The Executive Board is comprised of volunteers that have a passion and understanding of the game and a vision of competition and sportsmanship for the game in Gwinnett County. Decisions such as fees charged and association leadership are the individual responsibility of the youth lacrosse associations at a local and community level.
