

## Lady Gulls Fall Clinic Program

September 25<sup>th</sup>

*The mission of the Lady Gulls is to advance the lacrosse skills of each and every player while simultaneously improving their knowledge of the game and teaching them valuable personal lessons. Similar to the overall mission, the elite coaches in this program, all who have played at the collegian level, are not only willing to take athletes to the next level of play, but they are dedicated to improving their character, teamwork and sportsmanship on and off the field. Players will be able to work with each other and the coaches to reach their full potential. In addition, each player will have the ability to understand and appreciate the true meaning of being on a team*

The Fall Clinic Program is designed to help players improve their skills and develop new ones. All players will be able to learn offense and defense tactics, all while learning key fundamentals of the game that will take them to the next level of play.
