## Refund Policy

### **Travel Hockey:**

If the Registrar is notified prior to tryouts, a full refund of ice fees will be warranted minus any pre-tryout clinic fees which have been paid if the skater participated in any of the clinics. Registration fee and the 3% financing fee are non-refundable.

Once tryouts are completed (which is on the last tryout day posted on the ice schedule for each level), any refund request will be limited to 70% of ice fees, minus all clinic fees, registration fees and 3% financing fee, up to October 31<sup>st</sup>. (Note that if no tryouts are held at a particular level [due to player numbers or other reason] tryouts are deemed to be completed as of October 4<sup>th</sup>).

In November, the ice fee reimbursement will drop to 60%, and the fall faceoff fee will also be forfeited. A notification in the month of December will result in a 50% reimbursement of ice fees, while forfeiting all other fees (similar to November). After December 31<sup>st</sup>, all fees will be forfeited for anyone who elects to discontinue the remainder of the season.

### **ADM Level:**

A full refund minus registration fees will be warranted as long as notification is given by October 31<sup>st</sup>. Any notification after October 31<sup>st</sup> will result in losing the fall face-off fee and the registration fee. Any notification after November 15th will result in losing the fall face-off fee, along with registration fee, and the reimbursement will be 80% of the ice fees. A December notification will result in a reimbursement of 60% of the ice fees less the other items noted above. After December 31<sup>st</sup>, all fees will be forfeited for anyone who elects to discontinue the remainder of the season.
