

Hi Mite Parents,

This is Teige Cahill the Cottage Grove Mite/U8 Director. I am writing you to inform you of the upcoming Mite/U8 parents meeting which will be held at Park High Lecture Hall on Thursday, October 13th from 7:00 PM to 9:00 PM. (Go through the main doors and Lecture Hall is immediately on the left).

There is also a few details and questions for the Mite/U8 group parents:

First:

We will have one Advanced Mite team this year. These kids will have extra ice time throughout the winter hockey season. This is NOT part of your registration fee to play Mites. THERE IS AN EXTRA ICE FEE TO PARTICIPATE IN THE ADVANCED MITES PROGRAM (TBD). We as the Cottage Grove Hockey Board would like to know if your child was selected to play Advanced Mites, are you willing to pay for the extra ice fees. Please email me ASAP on this.

Second:

We as the Cottage Grove Hockey Board feel that all kids should have the opportunity to become better hockey players also. With that said, we would like to make available extra Ice time for kids that were not selected to play with the Advanced Mite team. Again THERE WILL BE AN EXTRA ICE FEE TO PARTICIPATE IN THIS (TBD). Again, this is NOT part of your registration fee to play Mites/U8s. Please email ASAP if this is some that you would be interest in.

Again both groups MAY get extra ice. We want to know if this is something that the Mite/U8 group would like. There is an extra FEE, it is not FREE. This has been discussed with you as the Mite/U8 parents that this is something that you would be interested in. Let me know your thoughts and comments.

Third:

I am asking ALL PARENTS, we need coaches this year for the Mite/U8 hockey season. We can't have a successful season if we do not have the help from the parents. We need help at all levels of Mites/U8s. Thank you for all the people that have contacted me to help this season already. Please send me an email if you would like to help on the ice.

Thank you
Teige Cahill
