**ONE PLACE CAPITAL SELECTS LEASETEAM'S SUITE OF CLOUD-BASED SOLUTIONS TO MANAGE THEIR
ENTIRE LIFE CYCLE OF LEASE AND LOAN CONTRACTS**

OMAHA, NE., January 28, 2011 -- LeaseTeam, Inc., the premier end-to-end software solution provider to the equipment finance industry, is pleased to announce the successful implementation of their cloud-based solutions with One Place Capital, a Division of Bank Midwest.

LeaseTeam's suite of cloud-based products, including ASPRIE™, provides One Place Capital with a platform that manages the entire lifecycle of their lease and loan contracts in a cost effective manner. "We were looking for a solution provider that offered us a scalable product suite with a low cost of entry that we could see being a long term partner," said Scott Stewart, President for One Place Capital. "LeaseTeam has proven to be an excellent choice as our solution provider. ASPRIE™ provides us with a platform that has allowed us to increase our efficiency while offering the flexibility and functionality to meet our aggressive growth strategies. In addition, the ability to implement the LeaseTeam product suite in a cloud-based environment has allowed us to shift our capital away from technology infrastructure and focus it towards our core competencies and growing the business."

"We view our relationships with our clients as a partnership, and we are focused on providing solutions that allow our clients to grow their business," said Randy Haug, Principal and Sr. Vice-President for LeaseTeam. "We are excited to have One Place Capital on the LeaseTeam platform and we look forward to working together to help them achieve their strategic growth objectives."
