

Athlete Education & Marketing System

what's your gameplan?

What's your game plan? You know your child wants to play sports in college, but are you unsure what to do? Ask yourself what help would be meaningful to you. Don't be fooled into thinking that posting a free profile on the internet is going to get the attention of college coaches. Being recruited is an undertaking that requires much more than that, but the payoff can be huge!

At SportsWorx, we offer a comprehensive Athlete Education and Marketing Program, which teaches our clients how the recruiting process works and gives them step-by-step guidance throughout all four years of high school. SportsWorx athletes are better prepared, better educated and more motivated. They are provided all of the tools necessary to have the ability to make an informed decision as to which school and athletic program is the best fit for them - academically, financially, and athletically.

Here are just a few things that SportsWorx can help you with:

- ✓ Teach you the process and the rules
- ✓ Put you in front of coaches
