Did You Know??

- The name hockey comes from the French word "hoquet", which is a shepherd's crook.
- There was once a rule saying the team captain had to be on the ice at ALL times. There have been a lot of weird rules, like penalties for kicking with your skate.

The Amateur Hockey Association of Illinois (AHA), AthletiCo Physical Therapy, The Chicago Blackhawks and the Midwest Center for Concussion Care came together to create the A Step aHead initiative to combat one of the most common head injuries:

concussion. These four groups pledge to educate the Illinois youth hockey community on the importance of concussion management and to be proactive with implementing baseline testing.

Through A Step aHead, we will offer free baseline concussion testing, as well as educational programs, to youth hockey players in the AHA program.

ImPACT baseline testing is available at AthletiCo from November 1, 2011 until February 1, 2012 for all AHA team member's Bantam Level or higher (ages 13-18).

There is no such thing as a minor head injury

Rules & Ethics

Welcome to another exciting year of Jaguar Hockey. My name is Ron Rader as the Rules & Ethics Director, I will be working with my Committee members, Ken Zschach and Larry Collins to ensure that we keep ice hockey a desirable and rewarding experience for all participants. Jaguar Hockey has an excellent reputation for sportsmanship and fair play within the organizations we compete in. To ensure this reputation continues, it is important for each participant and their families read, understand and endorse the Jaguar Hockey Zero Tolerance Policies. The policy information is available for review on the Jaguar website or for download below.

The Jaguar Hockey Club subscribes to the following "24 Hour Rule" policy with regard to the reporting or a complaint or issue of concern.

There shall be no contact with any member of the coaching staff regarding an issue of concern before, during or after a hockey game for a 24 hour period following the occurrence of an issue of concern. Should there be an issue of concern.

Should there be an issue of concern after the 24 hour period has passed, the parent shall contact the **TEAM MANAGER** and schedule a meeting which shall be documented and attended by the manager and coaching staff. The meeting shall be confidential and should the coaching staff feel the managers attendance improper, they shall utilize the assistant coaches to document the meeting. These documents shall be maintained by the coach for future reference should the need arise. Should satisfaction not be accomplished by the meeting, Jaguar Hockey Director shall be notified and meet with the parties.

Should the matter be unresolved after the coach and director meetings, the board of directors shall be notified and will schedule a meeting or respond in writing based on the complaint content.

Should this rule be violated, the suspension under the **ZERO TOLERANCE** policy is 30 days.

Sincerely,

Ron Rader
