U12Girls

Kerry Johnson is no longer working with the players. Blake the coach is present half the time and parents are stepping in. The age group is tired of going through a different coach every year. They want a coach to train them through the winter. They want a coach that will stay with the group. The group is having discipline issues. Who is responsible for discipline? Coach, assistant coach, parent?

Mark will contact Kerry to get a better understanding of what's going on. The age group would like to be assigned a coach now so the group can work with the coach thru the winter.

U11C2 boys:

Same issues. Pat was the coach

U10 Boys:

Child registered late past deadline. Player on U10 is on the roster but plays up on another team the whole time. "Brody", Why.

Communication:

This is not happening with the age groups. Long drawn out discussion on this regarding how bad our web site is. We all agreed it could get better.

Communication between the new coaches and the parents is not occurring.
