I am not receiving notification of any volunteer shifts.

The volunteer coordinator periodically sends out notifications that DIBS volunteer shifts are either coming out soon or available.

How come there are no dibs shift to volunteer for?

If you see a screen shot like the one to the left, that means there are currently no shifts available. Volunteer shifts are usually available a few weeks at a time.

I can't make my volunteer shift that I signed up to work.

If you are unable to work your volunteer shift please notify GVPS DIBS Coordinator
