**Pro Intensity
Rookie Training Camps!**

\$199/week

Dates Available: June 25-29, July 9-13, July 16-20, July 23-27, July 30-August 3, August 6-10, August 13-17.

The Pro Intensity Learn to Play experience, this camp is equivalent to the Pro Intensity Level 1-3 classes. During three hours of ice each day the players will focus on individual skills in a fun environment. Off the ice players will play other sports as well as learn some basic off ice practice techniques to help improve their game!

Pro Intensity Intense Ice

Registration cost: \$350 per month

Pro Intensity Intense Ice is just that... intense. Players enrolled in the intense ice program at Prince William Ice Center will enjoy unlimited access to all Stick-N-Shoot sessions that month. That's up to 30 hours or more of ice time to improve your skating, stick-handling, shooting and other individual hockey skill sets.

*Players must be one of the first 28 skaters registered for the ice time.

Pro Intensity Level I - IV

Pro Intensity Level I

Pro Intensity Hockey Level I will provide the basic foundation needed for all hockey players - skating! Players need little to no experience, just the desire to play the greatest game on ice!

Pro Intensity Level II

Level II Hockey still focuses on the most important tool in a hockey players arsenal - skating. However, this class progresses to more intermediate skills such as crossovers and basic backwards skating.

Pro Intensity Level III

Level III is where young hockey players learn the finer points of skating and puck-handling. Stops, starts, tight turns, and transitions are only some of the more advanced skills taught in this very important class. Once a player passes Level III they are ready to advance to focusing more on stick and puck skills.

Pro Intensity Level IV

Level IV is what every young hockey player looks forward to. In this class we teach basic stick-handling, passing, and shooting while reinforcing the basics of skating - only this time with pucks!

For Pro Intensity Levels 1-3, rental hockey gear is available. See our website for details.
