Sponsorship Information 2012-2013

LTSC Mission Statement

Lyons Township Soccer Club (LTSC), established in 1986, is a competitive community-based club committed to achieving success through player development and competition at state, regional and national levels.

About us

LTSC is an Illinois non-profit organization holding federal non-profit, 501(c)(3) tax-exempt status. The club is committed to the development of young athletes participating in the sport of soccer. Each year, LTSC staff is fortunate enough to have a positive impact on more than 1,000 children ages 3 to 19.

Sponsorship Program

Each year the club looks to partners to help offset the cost of uniforms, equipment, facility rental, tournaments and travel, all in an effort to keep player fees reasonable and to keep children playing soccer.

Sponsorship program partners can utilize and be involved with our entire organization. Any marketing or advertising initiatives can be integrated into a custom program that will help maximize your business profile in the area while contributing to the local youth sports community.

Participation in this program will support our mission to provide local athletes with quality teaching, facilities, proactive leadership, and exposure to regional and national competition.

In addition to the Tryouts Sponsorship packages outlined on the following page, we are seeking partners for the 2012-13 playing year and would welcome the opportunity to discuss ideas you might have for long-term collaboration. We would be glad to provide more information, answer your questions and schedule an appointment to meet with you personally.

Please email gmccrindle@ltsc.us with any questions about sponsorship opportunities.
