Notes from 2/15 NISL Meeting

I. Spring Rankings / Divisions / Scheduling

The divisions are nearly set. There have been a few updates and Peter does not expect the divisions to change. If there are any last minute changes, we need to request as soon as possible.

Our coaches do not need to attend the Sunday meeting given we have provided feedback to NISL via email. It is only for clubs that have not provided feedback.

The system is locked for updating game time slots, so Bill and I will need to send over the time slots and they will update them for us.

2. Premier League

This may not be new, but Peter stated the Premier division is primarily for clubs that can provide a Premiership team in majority (prefer **ALL**) of age groups. In the event there are open slots they will fill in with other top teams. This will be important to note if we continue to have teams at the top of divisions. I am not as close to the U12+ teams, but we are set up well for our current U8-U11 teams.

3. Club Standards

NISL would like each team conduct a club self assessment versus documented NISL / US Club standards. There will be a document on the website by next week. We do not need to submit anything -- this is for self reflection and to help clubs set their goals and focus on what is important.

4. Positive Coaching Alliance

NISL will now provide positive coaching training through PCA free of charge. All coaches will be required to take it.

5. Potential 2013 Club Cup Format Change

NISL is considering changing the format of the Cup next Spring. They will in essence have a State Cup for each division:

Premier Cup
Classic Cup
Platinum Cup
Gold Cup
Etc...

This would be single elimination in a bracket format (think March Madness) and be played during the Spring season. It would be included in the league fees and all teams will get to participate. The idea is to level out the competition and give every team a chance for success.

Equipment & Uniforms – Bill and Mike

- Lakers' scarves are available for sale.

We discussed possibly selling them at Ackerman during Indoor games.

IT / WEB-

- We need to setup DNS settings for pending website server change by hosting company
