## **SUMMER TRAINING PROGRAM**

Adam Hauser teaches the skills and styles of today's professional goaltenders. His current professional experience shows young goaltenders cutting edge philosophies to enhance their on-ice performance in a pro-style atmosphere. Students get a taste of what professionalism in goaltending really means. The summer-long format is perfect for teaching kids positional concepts, while giving students a full summer to view their progress. Parents and students will see real improvement.

Two on-ice sessions per week with off-ice training and classroom sessions; spanning mid-June to August. Off-ice sessions are run by a certified personal trainer. It is the perfect summer goalie instruction for those looking to maintain their skating "edge" while adding physical strength and fundamental intelligence to their game.
