

Minnetonka Girls Basketball Summer Workout 2012

The Minnetonka Girls' Basketball Coaching staff wants to help you improve your basketball skills this summer. We are offering a 3-day a week, 5-week program where we will focus on the skills and fundamentals of basketball in a fun and challenging atmosphere. We are adding a league/organized open gym to the middle school session in which high school players will officiate. This time is essential following the individual skills work to put those skills to the test.
