

Dear Coach Cevallos,

My name is Michael C. I'm a high school Junior and am playing soccer for Crystal Lake Force, in Crystal Lake, Illinois. I'm still deciding what college I want to go to after high school and Judson seems like it would be a good fit for me. I've played soccer at a high level for a long time and I'm interested in playing soccer for the Judson Eagles. I'm a really good student and I know Judson has a History and Intercultural Studies program, which sounds like something I would enjoy. I still don't know what I want as a career, but I know Judson is an excellent school. I think playing soccer, and going to school at Judson, would be a great fit for me.

Thanks for your time.

Michael C.
