# Games Format

XX OLYMPIC WINTER GAMES . TORINO, ITALY

#### PRELIMINARY ROUND

Twelve teams will participate in the preliminary round of the XX Olympic Winter Games ice hockey tournament. These teams have been seeded into two groups (A and B) consisting of six teams each. Competition during the preliminary round will follow a round-robin tournament format, with each team playing five games within its group. Following the round robin, teams will be ranked from first to sixth place within their respective groups based upon the points they accumulate in the round robin (two points for a victory, one for a tie and none for a loss). The top four teams from each group will advance to the playoff round.

#### PLAYOFF ROUND

The eight teams from Groups A and B will begin the quarterfinal round (Feb. 22), which features a single-elimination crossover format — the first-ranked team from Group A plays the fourth-ranked team from Group B; the second-ranked team from Group A faces the third-ranked team from Group B; the second-ranked team from Group B takes on the third-ranked team from Group A; and the first-ranked team from Group B plays the fourth-ranked team from Group A. The winners of the quarterfinals advance to the semifinals (Feb. 24), while the losers are eliminated from Olympic competition (a ranking formula will be used to determine places five through eight). The winners of the semifinals advance to the gold-medal game (Feb. 26), while the losers of the semifinals play for the bronze medal (Feb. 25).

#### **OVERTIME PROCEDURES**

There will be no overtime during the preliminary round. However, if a playoff game (quarterfinal, semifinal or bronze-medal game) is tied at the end of three, 20-minute regulation periods, a 10-minute, sudden-victory overtime period will be played. If the game remains tied at the end of the sudden-victory overtime period, a shootout will be used to determine the winner. If the gold-medal game is tied at the end of three, 20-minute regulation periods, a 20-minute, sudden-victory overtime period will be played. If the gold-medal game remains tied at the end of the sudden-victory overtime period, a shootout will be used to determine the winner.

#### **MEDIA GUIDELINES**

Players and coaches of the 2006 U.S. Olympic Men's Ice Hockey Team will be available for interviews based on the following schedule:

**Non-Game Day Practices:** Team USA players and coaches will be available for interviews in the practice venue mixed zone for a period of up to 15 minutes following each non-game day practice.

Post-Game: Team USA Head Coach Peter Laviolette will participate in a post-game press conference following each United States game. In addition, Team USA players will be available for interviews in the mixed zone for a period of up to one-half hour following each U.S. game.

International Olympic Committee regulations stipulate that dressing rooms are closed to the media during the Olympic Winter Games.

Ogrean coaches,

USA Hockey is the official representative to the United States Olympic Committee and the International Ice Hockey Federation. In this role, USA Hockey is responsible for organizing and training men's and women's teams for international tournaments, including the IIHF World Championships and the Olympic Winter Games. Closer to home, USA Hockey works with the National Hockey League and the National Collegiate Athletic Association on matters of mutual interest.

USA Hockey's primary emphasis is on the support and development of grassroots hockey programs. USA Hockey is divided into 11 geographical districts throughout the United States.

Each district has a registrar to register teams; a referee-in-chief to register officials and organize clinics; a coach-in-chief to administer educational programs for coaches; a risk manager to oversee liability and safety programs; and a skill development program administrator to facilitate learn-to-play programs for youth players and their parents.

For players, USA Hockey annually conducts regional and national championship tournaments in various age classifications; sponsors regional and national player identification and development camps; studies and makes recommendations for protective equipment; distributes Hat Trick, Playmaker and Zero Club Awards; and provides an insurance program that includes excess accident, general liability and catastrophic coverage.

For coaches and officials, USA Hockey conducts clinics and produces training manuals and videos through the Coaching Education Program and the Officiating Education Program. USA Hockey also promotes uniformity in playing rules and the interpretation of those rules.

USA Hockey has not forgotten parents, supplying this vital segment of the hockey family with a "Parent's Introduction To Youth Hockey" brochure, which includes tips on buying equipment, rules of the game and the role of parents in youth sports.

USA Hockey also publishes *USA Hockey Magazine*, the most widely circulated hockey publication in the world, which is sent to the household of every registered member as a benefit of membership. The organization's official website, usahockey.com, also provides up-to-the-minute coverage of news and events.

In December 1994, USA Hockey introduced its official inline hockey program – USA Hockey InLine – to provide structure and support for the growth of the sport across America

# Don Waddell

**GENERAL MANAGER** 

Don Waddell is currently the executive vice president and general manager of the National Hockey League's Atlanta Thrashers and also a member of the NHL's Competition Committee.

Named among the most powerful and influential people in hockey by *The Hockey News*, Waddell has had a long-standing relationship with USA Hockey. His most recent assignment came as the general manager for the 2005 U.S. Men's National Team that competed in the 2005 International Ice Hockey Federation World Championship. He was the assistant general manager for the World Cup of Hockey 2004 team and held the same position for the 2004 U.S. Men's National Team that captured the bronze medal at the 2004 IIHF World Championship, a feat that qualified the United States for the 2006 Olympic Winter Games.

Waddell also served as general manager for both the 2001 and 2002 U.S. Men's National Teams. In 2001, the United States finished in fourth place with a 4-4-1 record at the IIHF World Championship, which at the time was the best result for an American team since winning the bronze medal in 1996. Then in 2002, Team USA went 3-3-1 at the IIHF World Championship to finish seventh.

Waddell also served as assistant general manager of the U.S. National Team that competed in the 1999 IHF World Championship.

His international playing experience includes helping lead the 1983 U.S. National Team to the IIHF Pool B World Championship. Waddell was a member of the first-ever U.S. National Junior Team in 1977 at the IIHF World Junior Championship and returned with the 1978 U.S. National Junior Team.

On June 23, 1998, Waddell was named the first-ever vice president and general manager of the Atlanta Thrashers, an NHL expansion franchise at the time that began play in 1999-2000. Prior to joining Atlanta, Waddell served as assistant general manager for the Stanley Cup champion Detroit Red Wings in 1997-98. His extensive organizational experience includes guiding two other professional hockey franchises: the San Diego Gulls and the Orlando Solar Bears of the International Hockey League.

Prior to his tenure with the Detroit Red Wings, Waddell was vice president of RDV Sports where he served on the executive committee that oversaw operations of the National Basketball Association's Orlando Magic, the IHL's Orlando Solar Bears, the Magic FanAttics retail entity and Magic Carpet Aviation.

While at RDV Sports, Waddell was vice president and general manager of the Orlando Solar Bears from 1995-97. He held the same roles with the IHL's San Diego Gulls from 1990-95. He also served as the team's head coach in 1991-92, taking the Gulls to their first-ever playoff berth. He spent two seasons with the IHL's Flint Spirits, where he served as head coach/general manager in 1988-89 and general manager in 1989-90.

Waddell was drafted by the NHL's Los Angeles Kings in 1978. He spent three years with the Kings' organization from 1980-83. Waddell played in more than eight seasons of professional hockey, primarily in the IHL, finishing with 372 points (95-277) in 404 career games. His best output came in 1981-82, when he tallied 95 points (26-69) for the Saginaw Gears, and earned the Governor's Trophy as the IHL's top defenseman. Waddell was named an IHL First Team All-Star in 1982 and 1986, and a Second Team All-Star in 1988.

Waddell played Division I hockey at Northern Michigan University from 1976-80, where he majored in business management. He was inducted into the Northern Michigan University Sports Hall of Fame in 1992 and was named to the 1970s Central Collegiate Hockey Association All-Decade Team. He finished with 172 points (52 goals, 120 assists) in 120 career games at Northern Michigan.

# Paul Holmgren

**ASSISTANT GENERAL MANAGER** 

Paul Holmgren has experienced success at every level of hockey from his days as a college player for the University of Minnesota to his current position as assistant general manager for the National Hockey League's Philadelphia Flyers.

Holmgren's history with USA Hockey is both extensive and impressive. As a player, he represented Team USA at the 1981 Canada Cup. He moved from the ice to the bench in 1996 when he served as an assistant coach for the United States at the World Cup of Hockey where Team USA defeated Canada twice in a row to win the event. Most recently Holmgren traveled to Nagano, Japan, as an assistant coach with the 1998 U.S. Olympic Men's Ice Hockey Team.

Holmgren began his NHL administrative career with Philadelphia in November 1995 and was named the Flyers' director of pro scouting in January 1996. He remained in that position until August 1997 when he was named director of player personnel. On June 14, 1999, the Flyers made Holmgren their assistant general manager.

Following a 10-year playing career skating almost exclusively with Philadelphia, Holmgren returned to Flyers as an assistant coach in 1985. He was promoted to head coach of the Flyers before the 1988-89 season, and guided the team to 107 victories and a Wales Conference Championship Series appearance during his four years at the helm. Holmgren moved on to coach the Hartford Whalers in 1992, and remained at that position until midway through the following season when he stepped down to focus on his duties as general manager of the club. He was renamed head coach of the Whalers in 1994 and stayed on in that role until November 1995.

Drafted from the University of Minnesota of the Western Collegiate Hockey Association by the Philadelphia Flyers in the sixth round (108th overall) of the 1975 NHL Entry Draft, Holmgren began a playing career which spanned 10 years and over 600 games. He recorded 309 points (138-171) in 500 games with the Flyers from 1975-1984. Holmgren skated one season with the Minnesota North Stars before being forced to retire due to a shoulder injury.

# Tony **Rossi**

VICE PRESIDENT, INTERNATIONAL COUNCIL CHAIR

Outside of a highly successful business career, Tony Rossi has generously donated significant time, resources and expertise to USA Hockey for more than 30 years at the grassroots and executive leadership levels.

His volunteer career with the National Governing Body began in the mid-1970s with the Amateur Hockey Association of Illinois, including a three-year term as president of the organization.

From there, Rossi was elected to the USA Hockey Board of Directors in 1983 and served as a director from the Central District until 1988. In 1989 he was elected to the USA Hockey Executive Committee, serving as secretary from 1989-1995. Currently, the Foundation's assets exceed more than \$13 million, and since 1992, the Foundation has granted more than \$3.4 million to hockey-related programs, projects and charitable organizations across the country.

Rossi has also overseen the financial aspects of USA Hockey's Olympic Teams since 1994.

In June of 2003, Rossi was elected to his current post as USA Hockey vice president and international council chairperson. In his role, Rossi works closely with the organization's National and Olympic Team programs, as well as the International Ice Hockey Federation during a host of global competitions held throughout the year. In addition, Rossi directed a special Adult Behavior Committee that addresses and attempts to prevent inappropriate actions by parents and spectators in youth hockey. As such, he played a key role in developing a partnership between USA Hockey, Hockey Canada and Palmer Jarvis DDB to introduce the "Relax, It's Just A Game" public service campaign in the United States.

In 1977, Berglund was named general manager of the first U.S. National Junior Team. It was a position he would hold a total of eight times.

The 1980s and '90s were full of senior-level international assignments for Berglund. He handled general manager duties with six U.S. National Teams along with the 1988 U.S. Olympic Men's Ice Hockey Team. Berglund was also assistant general manager for the 1981 and 1991 U.S. Canada Cup Teams and the 1983 U.S. National Team. In 1990, Berglund served as chairman of the ice hockey competition for the Goodwill Games in Seattle, where Team USA won the silver medal. He also oversaw the organization of the U.S. National Team that captured the bronze medal at the 1996 IIHF World Championship. He was also GM of the 1998 U.S. Select Team, which finished in first place at the IIHF A-Pool World Championship Qualification Tournament in Klagenfurt, Austria.

As director of player personnel, Berglund helped engineer a silver medal for the 2002 U.S. Olympic Men's Ice Hockey Team at the XIX Olympic Winter Games in Salt Lake City, Utah.

He received the NHL's prestigious Lester Patrick Award in 1992 for outstanding contributions to the sport of ice hockey in America. # This is the **NTDP**

NATIONAL TEAM DEVELOPMENT PROGRAM

In 1996, USA Hockey launched a revolutionary new program called the National Team Development Program, based in Ann Arbor, Mich. Now in its ninth season of play, the goal of this full-time development program is to prepare student-athletes under the age of 18 for participation on U.S. National Teams and success in their future hockey careers. Its efforts focus not only on high-caliber participation on the ice, but creating well-rounded individuals off the ice.

# **QUICK LOOK**

Program Began: 1996 NTDP Headquarters:

Ice Cube – Ann Arbor, Mich.

Players in Program Each Year: 46

Teams: U.S. National Under-18 Team

U.S. National Under-17 Team

The NTDP In Short: A "talented and gifted" program for the elite U.S.-born players under the age of 18.

NTDP Fast Fact: A total of 107 NTDP athletes have been taken in the NHL Entry Draft over the last seven seasons.

The players in the NTDP are split into two squads – the U.S. National Under-18 and Under-17 Teams. The Under-17 Team competes in the North American Hockey League and also participates in three international events annually. The Under-18 squad does not play in a league. Its schedule includes games against NCAA Division I opponents, contests vs. junior teams, as well as competition in three international tournaments.

The Ann Arbor Ice Cube, a three-sheet arena which also includes a first-class facility consisting of locker rooms, offices, a training area and weight room, is home to the NTDP.

Unlike other competitive athletic teams, the success of the NTDP is not gauged on wins and losses. Instead, the focus is on the development of skills and acquiring experience against older competitors.

# What The Program Has Meant

In evaluating how the NTPD has impacted hockey in the U.S., consider:

- The U.S. has won the gold medal at the IIHF World Under-18 Championship in both 2005 and 2002.
- The U.S., with a team comprised largely of NTDP players, captured its firstever gold medal in the IIHF World Junior Championship in 2004.
- In 2005-06, approximately 25 alumni were playing in the National Hockey League.

"The National Team Development Program provides a tremendous opportunity for the elite young players in our country," said Ron DeGregorio, president of USA Hockey. "We've developed many programs over the years at USA Hockey and the NTDP is among our very best initiatives."

**UNITED STATES OF YMPIC COMMITTEE** 

The United States Olympic Committee is a multi-faceted organization headquartered in Colorado Springs, Colo., that provides leadership and guidance for the Olympic Movement in the United States and around the world.

In 1978, the passage of the Amateur Sports Act as federal law appointed the U.S. Olympic Committee as the coordinating body for all Olympic-related athletic activity in the United States. The vision of the USOC has been to assist in finding opportunities for every American to participate in sport, regardless of gender, race, age, geography or physical ability.

The USOC is the custodian of the U.S. Olympic Movement and is the moving force of sports in the United States that are on the program of the Olympic and/or Pan American Games, or those wishing to be included. The USOC is recognized by the International Olympic Committee as the sole agency in the United States whose mission involves training, entering and underwriting the full expenses for the United States teams in the Olympic and Pan American Games.

The USOC also supports the bid of U.S. cities to host the Winter or Summer Olympic Games, or Pan American Games and, after reviewing all the candidates, votes on and may endorse one city per event as the U.S. bid city. The USOC also approves the U.S. trial sites for the Olympic and Pan American Games team selections.
