

## ***2015 Future Rebels Tryouts***

**The Future Rebels are moving forward in 2015! Check out what's going on at Rebel Nation!**

**This year we are making a few changes to enhance your daughters training experience. We now have a pro coach on staff that will be working with all the kids! Cheyenne Jenks played softball for Florida Gulf Coast University and then moved on to play professionally for the Chicago Bandits. She currently is a cross fit athlete both competing and teaching young kids. We are proud to welcome Cheyenne on board! We also have two hitting coaches already on staff who have worked with our alumni to get them to the level that colleges expect.**

**In the last 5 years we have sent 58 girls to college with a scholarship. No senior in our organization has gone unsigned. We are always looking for hard working girls with a great attitude who want to play softball but also want to be a leader in life. We have the contacts to help get you there. Along with normal showcase tournaments, which most teams play in, we are consistently invited to scrimmage against colleges from around Florida and Georgia. What better way to get your daughter noticed than playing on the schools own fields for a few hours? We also received a very exclusive invite to play in the Legacy Showcase tournament in Atlanta. Check out their website to see a list of the 309 coaches that attended that invite only showcase last summer. We have always focused on smaller schools for kids simply because they will pay a better percentage of a girls cost for college. We have that program down but our feeling is that the addition of Cheyenne, and also a recruiting service that we've teamed with recently, will open up opportunities for kids who wish to get looked at by D1 schools. You no longer have to go somewhere else to get into D1 schools.**

**We have recruiting coordinators assigned to each team to help the girls with emails and contacting coaches. This is included in the fee to play with us which is already cheaper than most organizations around simply because we have more teams. Many recruiting services you see will run upwards of \$3000, charged to you, to help get your daughter into school. Ask them who pays them.**

**We have dedicated lighted fields so we can practice year round without worry of it getting dark on us. We have dedicated batting cages to hit in so girls get the most swings possible each practice. We have fundraising opportunities available to each parent that can take care of the entire cost to play here. We want to help your daughter chase her dreams.**
