Frequently Asked Questions About Salt Creek Park District Preschool

Q: *When is Registration?*

A: We have open registration daily until classes are full.

Q: *Why does Palatine have two Park Districts?*

A: Salt Creek Park District was founded in 1956. Arlington Crest Civic Association with the cooperation of the Arlington Park Race Track formed the new district. Although considered a small Park District in terms of area and residents, the District's imaginative leadership has resulted in extraordinarily good, well-rounded recreation programs for the residents and non-residents who utilize the Park District.

Q: *Who is a Salt Creek resident?*

A: Salt Creek residents live in a small area bordered by Palatine Road, New Wilke Road, Euclid Avenue and Rohlwing Road. See map on next page for more details.

Q: *Where can I find more information?*

A: Please visit our website at www.saltcreekpd.com for details about the preschool, programs and camps. We also have parent manuals with details about classroom routine and curriculum which are handed out at observations, as well as online.

Q: *Can I observe a class?*

A: Absolutely! Parents are invited to stop by any time or call and make an appointment to observe a class in progress. Call the office at (847) 259-6890 to schedule an observation.

Q: *What are my class options?*

A: All preschool classes are 2 ½ hour classes. The 3 year olds attend school in the morning from 9:00 a.m.-11:30 a.m. on M/W/F or T/TH. The 4 year olds attend school in the afternoon from 12:30 p.m. – 3:00 p.m. on M/W/F or T/TH or M/T/W/TH.

Q: *What if my 3 year old misses the September 1st cut-off date?*

A: We offer a “Join in your Birthday Month” program. This will give your child a jump start for the next full year in the 3 year old program.

Q: *Does my child need to be fully potty trained?*

A: Yes, your child must be toilet independent. We do not allow pull-ups in our classroom. However, if your child becomes potty-trained during the school year and we have available spots, we will be happy to enroll your child.

Q: *Does my child need to speak English?*

A: No, not all children begin the school year fluent in English. One of the benefits of our programs is that we emphasize language activities which help all children become better learners and communicators.

Q: *How do I know my child will be safe?*

A: We do keep the front and back door of the Preschool locked during school hours and visitors must ring the doorbell to enter the school. We have an “open door policy” which means parents are welcome to drop in at any time.

Q: *What is your teacher to student ratio?*

A: Our ratio is 1 teacher for every 8 students.

Q: What are your teacher's qualifications and experience?

A: Glenda taught at Salt Creek Park District Preschool since 1995. Ms. Gail has a degree in Early Childhood. She has taught preschool for six years and kindergarten for two years. She has been teaching at Salt Creek Preschool since 2001. Miss Kathy has been teaching preschool since 2006 and previously taught kindergarten and third grade.

Q: Do the children just "play" in the 3 year old preschool?

A: Play is an integral part of any quality preschool program. Our friendly and nurturing environment helps the students to develop social skills and independence. At Salt Creek the children are given experience with many materials and teachers plan exciting activities that educate them while allowing them to have fun. Shapes, colors, letters, numbers, fine and large motor skills are a part of their daily routine.

Q: What do they learn in the 4 year old pre-kindergarten class?

A: The teachers are dedicated to help each child become a successful learner for kindergarten and beyond. Communication between Salt Creek and District 15 makes sure that our students can be prepared for the next big step of kindergarten! Salt Creek provides enriching activities that work on listening skills and taking instruction. The program will also focus on strengthening fine motor muscles used in writing and cutting and foster pre-reading skills and phonemic awareness. Each year is planned for all the students with plenty of fun, exciting special events and creative art projects that focus on "process" and not final "product". The children are exposed to education in areas of nature, science, letters, numbers, colors, music and activities that emphasize motor skill development.

Q: What about summer?

A: We offer a Tot camp program to keep the students on their toes during the summer months. Please check the website at www.saltcreekpd.com for a full description of activities and programs available for your new learners!
