Executive Director's Report

Welcome to 2016! Five more activities remain on this year's SHSAA calendar and the office staff is delighted to be back working for the members of the Association. Hopefully the holiday season has been a time to enjoy family and friends as well as an opportunity to recharge as we begin the next chapter of school sport in Saskatchewan. The planning for the next set of activities is well underway and information on each winter and spring sport can be found later in this newsletter as well as in the activity pages and calendars on the SHSAA website. The website will always provide the most up to date information.

The transition from our fall activities to the winter and spring activity seasons provides time to reflect on the role of school sport as an educational opportunity and extension of the classroom for our student athletes. Achieving goals, playing to the best of one's ability, learning to deal with success and failure, respecting the opposition, acknowledging the important role of officials, developing personal skills that transfer beyond the athletic arena, and appreciating the efforts of our hosts are but a few of the many examples of school sport at its finest during these past few months. In all of these situations, individuals and schools have kept three basic principles in mind: school sport, teacher coaches, and student athletes. Each of those phrases have three things in common; they all reference involvement in athletic competition, they all reference education, and most importantly they all place education before the athletic competition. You need look no further than this third commonality to see what measures the success of SHSAA participation.

Each coach (faculty, non-faculty, head, or assistant) of school sport is a teacher coach and has a responsibility to ensure that the environment in which school sport occurs is one that places the values of education and respect above and beyond the actions of any individual or the outcome of any contest. It is inherent in sports' competitive nature for us to scheme to prevent opposition success and promote our own abilities but those schemes and tactics need to be accomplished within the rules of the game, within the spirit of the game, and within the philosophy of the SHSAA. Our teacher coaches need school support and guidance to ensure that this is happening.

We must continue to be educators and supporters of school sport so when individuals start to blur the lines between school sport and other forms of athletic competition, the important role that school sport plays in the development of student athletes into contributing citizens remains first and foremost.

Fall Review

The Association owes a great deal of appreciation to the coaches, officials, and countless volunteers who have made the fall season of SHSAA a valuable part of the educational programming for our student athletes. Thankfully, weather also cooperated to provide comfortable viewing at our outdoor championships and ease in travelling to playoffs for teams and their followers. A review of the results from the fall activity seasons is available later in this newsletter. For a complete summary of results be sure to view the on-line results that can be accessed through the SHSAA website.

The federal election not only changed the political landscape in Canada but it also initiated a change in the SHSAA Executive Council. Kevin Waugh was elected as a Conservative MP resulting in his subsequent resignation from the SHSAA Executive Council as the Saskatchewan School Boards Association representative. The SSBA has appointed Donna Banks (Saskatoon Public Schools Trustee) to this position. We welcome Donna to the SHSAA and look forward to her contributions at the executive table.

Earlier this fall, a sub-committee was formed to draft a policy on transgender participation in the SHSAA. The SHSAA would like to thank Patti Rowley and Delaine Anderson for volunteering their time to provide valuable insight as the policy is developed for the resolution package that will be available later in May. Other initiatives of the Executive have included the formation of the Sport Advisory Groups for this year, planning for the Coaches Symposium, and the initial planning stages of a youth officials conference to be held in June.

A reminder that in addition to the 24 sportsmanship awards that will be presented from the provincial championship tournaments there are an additional four sportsmanship awards available to be presented to schools / teams that have displayed characteristics throughout the entire season that are worthy of a sportsmanship award. Nominations for these awards can be forwarded to the SHSAA office by using the nomination form found on the SHSAA website under 'Forms and Due Dates' or 'Sportsmanship Awards'.

Respect in Sport

On behalf of Sask Sport, the SHSAA continues to request that every coach (head coach, associate coach, or assistant coach) involved with a school team complete the Respect in Sport for Coaches on-line training program. Upon completion of the three hour course each individual will be provided with a certificate number which schools are asked to enter into the coach information section of each team registration. Once the training has been completed, it does not have to be repeated in future years. When registering for the course please select Saskatchewan High Schools Athletic Association as one of the sponsor groups along with any other sport groups you may be wishing to register with. There is no cost to the individual or school when registering and completing the course.

2016 REGIONAL & PROVINCIAL CURLING

Each provincial championship will consist of eight teams scheduled as two pools of four teams in round robin play format. The top two teams from each pool shall advance to the championship bracket. The eight teams participating at the provincial championships will include the host school and seven other teams that have qualified through the regional championships.

The tie-breaking criteria to determine placement in pool play and placement into tie-breaker games shall utilize the Skill Based Team Ranking System (SBTRS). For more information on the tie-breaker and the Saturday schedule of games please refer to the curling activity page of the SHSAA website <http://www.shsaa.ca/page/show/992559-curling>

Regional championships will be held February 26 – 27, 2016. The Regional championships will consist of a six or eight team double knock-out format leading to an 'A' event and 'B' event qualifier to the provincial championship. The only region that may require an A-B playoff to complete the double knock-out competition is the provincial host region. The A-B playoff will only be contested if the provincial host has not won either the 'A' or 'B' event. In the regions without an A-B playoff the 'A' event winner will be considered the Regional champion.

Districts should declare their representatives to the Regional Championships and contact the regional commissioners and SHSAA office by Monday, February 22, 2016.

Regional commissioners are asked to contact both the SHSAA office and provincial commissioner by Monday, February 29, 2016 with the names of the schools and team members which have advanced to the provincial championship.

2016 SUMMER COACHES SYMPOSIUM

The SHSAA annual Coaches Symposium will be held Tuesday, August 23 & Wednesday, August 24, 2016 in Saskatoon at Walter Murray Collegiate. The SHSAA believes the Symposium is an excellent opportunity for coaches of different activities to gather in one location to participate in a professional development opportunity that will enhance the extra-curricular experience of the student athletes around the province. Each of the fourteen SHSAA districts is offering incentives to support coaches who want to attend, please contact your District Executive. This opportunity is available to all coaches including non-faculty and community coaches.

This is the sixteenth consecutive year of the Symposium. This year's symposium is again planning to provide entry-level sessions as well as advanced sessions in a variety of sports that are a part of the SHSAA programming. The registration fee will be \$150.00 if registered prior to June 30th and \$175.00 for those who register after this date. Pamphlets and registration forms will be distributed to schools in the spring as well as being available on the SHSAA website.

The symposium will once again offer pre-conference sessions on Tuesday. These optional offerings usually have additional costs attached and some may be taken separate from the regular symposium registration. Please contact the SHSAA office if you are interested in these sessions.

The Symposium Committee is actively planning the sessions and inviting presenters to participate. If you have someone in mind that you would like to hear give a presentation, take the time to forward the name to the SHSAA office or an executive member. If you are approached to present, please give serious consideration to the opportunity. It is our own 'made in Saskatchewan' coaches who each year receive such positive feedback from those in attendance at the symposium.
