

NEWCASTLE UNITED F C

Donation / Sponsorship Form

Newcastle United Fútbol Club (NUFC) exists to educate, encourage and support all student athletes and coaches to reach their maximum potential. Our core purpose is to focus on the whole player: education, dedication, discipline, sportsmanship and fellowship. The result is personal growth. It is with a passion and love for soccer that NUFC is committed to our goals.

Our Goals:

- To prepare the student athlete to compete at the highest level possible
- To encourage all players to reach for a higher education
- To foster personal growth resulting in genuine character on and off the field
- To provide education and training to players, coaches and community families
- To encourage players of all skill levels and abilities to be the best they can be

It is with this philosophy that we support players of many different skill levels and abilities. We offer all players, with the desire and enthusiasm for the game, an opportunity to learn necessary skills to compete, however, never at the expense of positive player development. With this in mind, the NUFC player is proud to be a part of the solution in the next generation.
