

## **Shared Player Form (to be put in the borrowing team's folder)**

In the event a team is short players to compete in the tournament (with at least one sub), the following rules will be followed to allow sharing of players between two teams within a club so that team can still play:

- 1) The lending team must be at a younger age group, or a lower or equivalent competition level within the same age group as the borrowing team. Examples include:
  - a. A U10 player could be shared with a U11 team within the same club, while still playing with their own U10 team.
  - b. A U11 player from a team that plays at a "B", "C", or "D" competition level in regular league play could be shared with a U11 team within the same club that plays at an "A" competition level, while still playing with their own team.
  - c. A U11 player from a team that plays at a "B" competition level in regular league play could be shared with a U11 team within the same club that plays at a "B" competition level, while still playing with their own team.
- 2) If there is no option to use a player from a younger age group or lower competition level team within the same club, then players from the same age group that play at a higher competition level could be used provided they are rotated in to the borrowing team. In this case a single player can't be shared for more than one game in the tournament.
- 3) Players shared between two teams will be limited to playing their own team's game plus one as a shared player in a single day. This limitation will not apply in the case of a goal keeper.
- 4) All cases must be reviewed and approved by the tournament director by Wednesday, May 25, 2016. In the event of a situation induced by an injury at the tournament, the case must be reviewed and approved by the tournament director prior to the borrowing team's next game.
- 5) No player will be allowed to play on more than one team in the same bracket.

The coach or team manager that is on the receiving end of a shared player needs to bring the following to check-in:

- a) A copy of the player pass for any shared player
- b) A copy of the certified state roster (YSSL, IWSL, ...) showing the name of the player being shared.
- c) A completed Shared Player form with pre-approval from the Tournament committee
