

## SPORTS GUARD FOUNDATION

### *Play Hard...Keep Your Teeth!*

Sports Guards -The MVP (most valuable protection) when it comes to protecting an athlete's smile during any sporting activity. A properly fitting Sports Guard is a key piece of safety equipment. Sports Guards can minimize the possibility of broken teeth, cuts, and jaw injuries, while cushioning impact. Sports Guards are state of the art, custom fit to each individual athlete. Sports Guards can be used for multiple sports and should be worn during all contact sports. Sports Guards can also be worn over braces.

SOS invites you and your team to contact Ron Cox DDS for your custom Sports Guard.

SOS is a non profit 501(c)(3) corporation who's mission is to promote safety in sports and is offered as a community service for all school aged athletes.

Dr. Ron Cox
