- All teams' concession dates have been assigned and loaded into Dibs. Dibs open 10/17 to sign up

### **Brent**

- Communications. Look at need to organize/set up groups to manage communications. Looking at finding an individual(s) who could do this.
- Group discussed that some things already doing is keeping messages as short as possible. Number of messages at a time can seem too much, but also must get the information out. Better to inform than not. Some of this coming into play at this time since so much going on at once.

### **Heggies & Tournament update-Shellie**

- Pizzas distributed and everyone got their complete orders
- \$14,215 raised to off-set families fees!!!!
- Some tournaments still needed for B1, B2, and 10U. Trying to secure on planned dates to match up ice schedule.
- Small window if need to re-schedule games

### **Tim**

- Try out process went well

### **Moose**

- Need agenda for upcoming coach's meeting
- Emphasize bigger picture with coaches and association about preserving what we are trying to do and that is offer hockey to all the kids in East St. Paul/North St. Paul and keep tradition going.

### **Coaches Meeting- Brian**

- Meeting to be scheduled soon
- Will draft agenda, and email those on board needed at Coach's meeting
- Disciplinary Policy will be on agenda

## Patti

- Registrar Update. Shellie helped get all paperwork previously completed from Shannon. Patti is finalizing other items that need to be completed for registered players.
- Parents need to be reminded that they must be consistent when registering players and if change name from previous years with USA hockey, it triggers us to ask for a birth certificate.
- Some coaches still need to complete their safe sport and/or background check. MUST be completed before they can scrimmage

## Sean-

- 3 mite evaluation dates. 10/30, 11/5, 11/6
- Mites start season Nov 12<sup>th</sup>
- Mite #s are very strong this year. Getting the kids in at 6U. Struggle is still how to keep them once start squirts. Need to continue focus on retention. Discussion of an end of year meeting with kids moving up regarding the transition to squirts. Give parents time to understand the shift, positives and expectations. Perhaps need to contact those folks before following year's registration to remind of the upcoming season and be available for questions/concerns.

## Other-

**Rich-** Polar arena is opening its doors late and teams having the 1<sup>st</sup> hour of ice (5:15) do not have enough time to get ready before ice hour starts. HS captains practices are starting soon and this may alleviate the issue, but also need to follow up with arena manager about opening sooner

**International Tournament-**This is a completely different entity and event from JCNSP. They have requested that we distribute information. If we distribute information we want it open for all players of a particular level. Follow up required.

Next meeting November 21, 8:00pm
