

PEANUT AND TREE NUT ALLERGY AWARENESS POLICY

In an effort to maintain a safe environment for its players, NBBA maintains a policy of peanut and nut tree allergy awareness, as follows: (1) No peanuts, peanut butter, tree nuts of any kind and/or any food product containing such nuts (does not include seeds or sunflower seeds) shall be sold at or near any concession stand by any vendors working at or near NBBA fields of play. (2) Team managers shall be provided with a copy of this Policy. (3) Team Managers shall advise their Team Parent Coordinators to advise parents that peanuts, peanut butter, tree nuts of any kind and/or any food product containing such nuts (not including seeds or sunflower seeds) shall not be provided to teams or players at any time. (4) While the League is employing this policy for the safety and benefit of its players, parents are ultimately responsible for monitoring their own children during NBBA activities if they have known allergies.
