Greetings Everyone,

I know for many of you, the mandate from the USSF to change from school year registration to birth year registration is causing a lot of concern and creating a lot of questions.

The original announcement included the birth year matrix but since then, USSF has revised the matrix. This was just provided to NCYSA on Oct. 19, 2015.

NCYSA has pulled together a focus group from across the state of DOCs and Administrators that have been charged with identifying the effects of this change and what NCYSA can do (if anything) to soften the impact. The group has met once but now will have to reconsider some of the ideas since the Federation has changed the matrix. NCYSA's goal is to have as much of this put to bed by Dec 1.

When you exit this letter, you will find the ability to share your concerns and how you, your child, their team and your association will be affected. If you have questions, please share them. NCYSA wants to hear from. We hope the information we get from you will help us in addressing this critical change for NCYSA mandated by the USSF.

Regards,

M. Keith Price
President, NCYSA
Interim Discipline and Appeals Chairman

SAVE A CHILD. ANCHOR A GOAL!
