Sport Performance

Resource Team Purpose

The Sports Performance Resource Team provides support and guidance to the Director of Sports Performance for USA Fencing to include, but not limited to: selection procedures, program evaluations, and education programs for referees and coaches.

Olympic Games, World Championship and other international event performance planning

- Review of selection criteria for cadet, junior and senior athletes
- Review and assist with selection of cadre for major international events
- Budget review and priority recommendations
- Ensure sports science and technology is cutting edge
- Hosting of international events in the USA
- Quadrennial and annual High Performance planning
- Sport development initiatives
- Coach and Referee development opportunities

Composition

Selected by staff and approved by BOD through application process. Should include an FOC member, National coach representative, International cadre representative, two athletes, USOC member, and sports medicine.
