

Winter Sports are underway!

My name is Dr. Jeff Keh and I am a general dentist that has been practicing for 12 years. It has been a dream of mine to one day, serve my friends and neighbors by opening an office in Katy. That dream has come to life and I have opened an office on Kingsland Boulevard.

Not only as a dentist, but as a former baseball player I understand the importance of wearing a mouth guard while playing sports. Protecting a players' safety with proper mouth guards is a passion for my staff and I.

My team and I would like to provide, at no cost, a custom made, mouth guard, to the athletes of Katy Rugby Club. The mouth guards offer state of the art protection. To learn more about the advantages of a mouth guard, go to <http://www.ncbi.nlm.nih.gov/pmc/articles/PMC3343409/>. Please note that if you are currently in orthodontic appliances, we are unable to do impressions for mouth guards due to the constant change in your tooth position during orthodontic treatment.

To make the mouth guards, an appointment will need to be made by calling our office, Monday through Thursday, at 281.396.4635. We will then contact the athlete approximately 2 business days later for pick up. Consent forms will need to be signed and brought to the impression appointment. You will be able to find a map to our office on our website, www.katyfamilydentalgroup.com.

We look forward to seeing you!

Keep Smiling,

Dr. Jeff Keh
