Final practical evaluation	20%
TOTAL LEVEL 2	70%

Mentor Program

- Program started 3 years ago in Regina.
- Primary focus is to help beginning referees to learn how to officiate with the help of an experienced referee.
- Program was expanded into high school season in some districts in year 2 and last year was expanded into more areas.
- Sask Volleyball is committed to reaching all areas of the province as best we can to develop all referees.

- Requests for mentors can be sent to Jacques.
- We currently run referee clinics in all districts.
- We will now be running mentoring tournaments to help develop referees.
- We have an agreement in place with RHSAA for Regina league as well as SHSAA for playoffs.
